NOTE FOR: Mr. Brownman

Howard Osborn called Saturday, and in your absence, he chatted with me for a few minutes. In effect, he stated that his "spies" had passed on the word that you said a lot of nice things about him at the State of the M&S meeting, and he wanted to express his thanks.

In the course of the conversation, he mentioned that he returned from a three-day visit to South Carolina, where he picked up a suntan cruising and picnicking in a lake area. He appeared to be in very good spirits.
